

# INTRODUCING HELIOS® LAMPS FROM LTI

NEW LAMP TECHNOLOGY  
(PATENTS PENDING) FROM LTI  
PRODUCES UP TO 30% MORE  
LIGHT THAN STANDARD DESIGNS  
OF THE SAME WATTAGE.

- F E A T U R E S**
- Direct interchangeability: Helios® lamps are available in 2, 3, and 4.2 kW sizes and are configured and designed to be interchangeable with all standard xenon lamps used in all standard lamp houses
  - Up to 30% more screen lumens
  - Drop-in replacement without lamp house modification cost; no lamp house modifications required
  - No special alignment techniques; lamps require only standard alignment practices
  - No lens change required to achieve increased lumens
  - 2,3, 4.2 kW lamps available in many H, HS & HTP lamp designs for all lamp houses

- B E N E F I T S**
- Screening room quality projection
  - Improved light uniformity to SMPTE standards
  - Brighter picture
  - High definition picture quality
  - Vivid colors
  - Improved clarity
  - Improved focus
  - Lower cost per foot-lambert

**HELIOS®**
